

Come and Kneel at the Cross

*When you are searching to find your way,
Filed with doubt, lost and afraid,
Looking for help to renew your faith
Come and kneel at the cross.*

*When you are troubled with pain to bear,
All alone, Oh, no one to care,
Needing to know there is someone there,
Come and kneel at the cross.*

*Bring your heart and seek the Lord;
Leave your fears behind you.
Hope and faith will be restored
At the cross, He'll find you.*

*Where you're discouraged by all you see,
Broken lives, people in need,
Hoping for someone to hear your plea,
Come and kneel at the cross.*

*At the cross, at the cross,
Feel God's love surround you.
Healed by grace, no longer lost,
Feel God's peace around you.
Feel God's peace around you.*
